

The Creation of NOW

Calling all **crafty crew** in
the SEA family!

**Do you have a sewing
machine?**

Pebble Pillows

**Join us in creating the
magical set for The
Creation of Now!**

Grab some fabric (stretchy
greys work best) and sew
up some cosy pebble
pillows for SEA.

**Follow the simple steps
on the back to get
started!**

How to Make Pebble Pillows for SEA

1. Choose your fabric.
2. Fabrics with a bit of stretch work best to create plump, rounded shapes.
3. Old blankets with a “rock-like” texture are perfect. You can also use fleece from our stash.
4. Make a template– draw a simple pebble shape on newspaper or directly onto the wrong side of your fabric.
5. A mix of sizes (large and small) will create a more natural pile.
6. Cut and pin.
7. Cut out two identical shapes.
8. Place them right sides together and pin or clip in place.
9. Sew the pillow.
10. Stitch around the edge, leaving an opening large enough to fit your hand through.
11. Reinforce with a zig-zag stitch, or use an overlocker if you have one.
12. Bring it to SEA for stuffing.
13. We’ll stuff the pillows with recycled batting (donations of old pillows welcome!).
14. Please bring them to SEA by the 4th October at the latest.
15. Together we’ll hand-stitch them closed in the SEA space.
16. 💡 Please share this with any sewers you know—our production needs a whole pile of pebble pillows to bring the set to life!
