

Southern Edge Arts

ARTIST DEVELOPMENT PROGRAM

Southern Edge Arts invites expressions of interest for its 2025 Artist Development Program. If you are an artist creating work in circus, theatre, dance or physical theatre we invite you to apply.

Four artists will be selected every 12 months to receive:

- **free access to dance studio**
- **free access to aerial training rig that includes trapeze, silk, lyra & other apparatus***
- **mentoring and professional development support from Artistic Director, Annette Carmichael. Training covers concept development, community engagement and critical response processes.**

Artists can be from anywhere in Australia. The program supports the exploration and creation of original work without any additional obligations to deliver workshops or a showing.

**for safety reasons, circus artists will need to provide a letter of endorsement from a recognised circus organisation verifying their professional standard.*

For more information please email Annette at artisticdirector@southernedge.org.au
